Initial Questions

• Please fill in the initial questions on the paper in front of you

• Keep the answers short

• There are no right or wrong answers
Introduction

• Question and Answer websites are very popular

• There is enormous potential in letting people help each other

• At the moment asking questions is not so easy in eTwinning
Introduction
Make Groups

• Before we continue

• Groups of 5 people

• Form groups with people you do NOT know

• Work together on the next questions, but keep in mind that time is limited

My Current Question and Answer Space

Question Title: How do I start a project?

Question: I have a question concerning the eTwinning Projects. I am still rather new here and I do not know where to begin to find partners and/or a project. Could you please give me some hints and tips how to start?
