Global Learning Networks

Dr. Jan van Bruggen
Fontys Hogescholen
Open Universiteit Nederland
Overview

• Background

• Aspects of Learning Networks

• Learning in Networks
  – About AM and PM
  – Personal knowing
  – Knowledge building

• Storytelling: a cognitive view
Aspects of Global Learning Networks

• Scale and technology
• Domains
• Participants
• Learning
• Focus: students
Learning in LN

• Reconcile AM and PM

• Participation Metaphor
  – Collaborative Knowledge building
  – Communities of Practice
  – CSCL

• Acquisition Metaphor
  – Knowledge is transferrable
  – Knowledge is possessed by the individual
Stahl model

• Cycle of personal knowledge
• Cycle of knowledge building
• << plaatsje van de cycle>>
